## Why use an Adviseable Buyer's Agent?

Whether you're an experienced investor or just starting out, knowing where to buy, what to buy, how much to pay, and who to trust are just some of the big questions you'll face when buying an investment property. Having an Adviseable Buyer's Agent at your side will enable you to eliminate all of these concerns and ensure that your next investment purchase is a successful one. Other advantages of Adviseable Buyer's Agents include:

**Qualified & experienced** – Adviseable Buyer's Agents are also Qualified Property Investment Advisers who collectively have decades of experience buying investment properties throughout Australia. We are not salespeople or casual investors pretending to be 'advisers'

**Independent** – We proudly operate under an entirely 'fee for service' business model which is a testament to the truly unbiased, straightforward, and ethical nature in which we deliver service to our property investor clients

**Borderless** – We're multi-licensed so our area and property recommendations are not restricted in any way. Our real estate market knowledge and buying reach extends throughout Australia across all property types, so we can access exciting investment property options to suit all budgets and investor criteria

**Expert team** – When you engage an Adviseable Buyer's Agent, you're also accessing an in-house team of advisers and researchers. So you'll be able to leverage off our combined expertise, resources, and effort to ensure that you're getting the best property investment opportunities available

**Save time & avoid hassle** – Aside from providing you with expert advice, guidance, and recommendations to ensure your investment property purchase is a maximum success, we also carry out all of the legwork on your behalf to save you a lot of time, effort, and potential stress

**Level the playing field** – If you're buying an investment property you'll inevitably be dealing with the seller's 'professional' representative; the selling agent. Ensure that you're never 'outgunned' by engaging us to go into battle on your behalf

**Transparency** – It's no secret that there are a lot of unethical and unscrupulous operators within the real estate and property investment industry. However, having us in your corner providing professional insight and reliable data will enable you to cut through the sales rhetoric and half-truths to make truly informed investment decisions
